narrowing our diversity and creating a monoculture. Because of the rise of the economic story, six areas of your world - your work, your relationships with others and the environment, your community, your physical and spiritual health, your education, and your creativity - are changing, or have already changed, in subtle and not-so-subtle ways.

Monoculture: How One Story Is Changing Everything ...

The premise is that every period in history is dominated by a master story (e.g. the religion story, the science story), and that our period is dominated by the economic story. Monoculture refers to the effect that this master story has on culture: "one narrative in society that takes over the others, shrinking diversity and forming a monoculture."

the monoculture is economic is that the master story is all about money — how to get it, make more of it, spend it, grow it, or keep it, whether that looks like consumerism, commercialism, or materialism. But that's only true of the economic monoculture at a surface level. Though the monoculture naturally embodies issues surrounding money,

Which is ironic: because Monoculture is about one story. (And I know how much you all love to read stories.) The premise of F.S. Michaels' work is that our culture is shaped by a single, master story. It's one "narrative in society that takes over the others, shrinking diversity and forming a monoculture".

San Diego County Library

The word monoculture comes from the world of agriculture, applied to the planting of one crop to the exclusion of all others—which inevitably damages carefully balanced ecosystems. This book uses monoculture as a metaphor for contemporary society. The resulting damage has not simply been ecological (though it certainly has been that).
